**Mrs. Bertha Tyorke Found Dead by Officers Seeking Her as Witness.**

**In Hollister Case Police Implicate the Murderer of Mrs. Louise Gentry.**

**Mass Meeting Called to Demand Greater Protection for Citizens.**

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Jan. 16.—[Exclusive Dispatch.] Amazing conditions of ruffianism on the North Side, to which public attention was called by the murder of Mrs. Hollister, were further emphasized today, by the death of Mrs. Bertha Tyorke of West Irving Park Boulevard. Mrs. Tyorke's death is believed to be a parallel case to the murder of Mrs. Hollister by Richard Irvine, and to be a logical result of the reign of rowdism which for three months has made North Side streets unsafe for unescorted women, night or day.

Mrs. Tyorke was found dead by policemen who sought her as a witness in the police court against John Sherer, a neighbor, whom she charged with assault. The warrant on which Sherer was arrested was sworn out Saturday. The attack on Mrs. Tyorke was made in her own home. Sherer, it is alleged, beat the young woman into unconsciousness before he was able to accomplish his purpose. She had been in delicate health, and her death resulted from collapse.

A young man, possibly of Mrs. Hollister's own social set, who bought her the box of candy found near her body, is now being sought by the police as an accomplice of Irvine, the confessed murderer. The astounding theory was advanced by Assistant Chief of Police Schuetzler that this man is no other than Frank Constantine, slayer of Mrs. Louise Gentry.

The emptied candy box was identified today by W. W. Jacobus, a drug clerk, who claims to have sold it to a young man who entered the drug store at Lincoln and Fullerton avenues the day Mrs. Hollister was murdered. The description of Mrs. Hollister's companion is declared by the police to fit Constantine perfectly. Jacobus says that although he did not know Mrs. Hollister, he is now convinced by photos and descriptions of the dead woman that it was she who entered the store at that time, accompanied by a man.

"He was trying to persuade her to accept a gift of a pound of chocolate, and she was remonstrating," said the druggist. "Finally, they compromised, she agreeing to accept a half-pound box. They attracted my attention because they were in the store for so long a time. I could positively identify either or both of them if I saw them again."

More pressure for increased police efficiency to suppress crime developed today. Notices were sent out to clubs, civic organizations, churches and other societies interested in the enforcement of law to send delegates to a big downtown mass meeting to be held at the Auditorium tomorrow. Mayor Dunne will be the principal speaker.

**Only Living Ex-President Wanders About New York Until Morton Helps Him Out.**

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Jan. 16.—[Exclusive Dispatch.] Grover Cleveland today was the central figure of a picture of a former President of the United States, the only living one, wandering about the city looking for a hotel to which he might be admitted.

Before news that his brother had died in Ohio was received in this city, Mr. Cleveland entered the Hotel Buckingham, waiting to the desk he essayed to register. He has been a patron of the Buckingham since he became a trustee of the Equitable Life Assurance Society, controlled by Thomas F. Ryan. To his astonishment, the clerk stopped him from registering, and remarked that there were no rooms.

**Normal School Professor Drinks Them Down in a Glass of Water.**

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON (Pa.), Jan. 16.—[Exclusive Dispatch.] Prof. J. A. White of the California (Pa.) State Normal School, is in a critical condition as the result of a peculiar accident. He awoke last night experiencing a choking sensation. He seized a glass of water near his bed, and swallowed it at a gulp. He then discovered that he had swallowed his false teeth.

A physician, with the aid of an X-ray, today discovered the teeth in the professor's stomach. The doctor advised an operation. Prof. White consulted another physician, who dosed the patient with a view of dislodging the teeth. The teeth were carried from the stomach and jejunum, where all trace of them has been lost.

Prof. White is suffering no pain, but physicians declare there is no way of removing the teeth without an operation that is more than likely to prove fatal.

Five residences on Center Avenue are threatened and property owners are trying to sell—Street-cars Stop Running—Granite Paving-blocks Settle—Earth More Shaky.

(BY DIRECT WIRE TO THE TIMES.)  
PITTSBURGH (Pa.), Jan. 16.—[Exclusive Dispatch.] Residents of the Bryn Mawr section of Pittsburgh are feeling in terror from a veritable volcano which has burst out beneath their homes. The cause of the terrifying phenomena is a fire in an abandoned coal mine, which has been smoldering for five years.

The fire has eaten its way up to the surface, and is bursting forth in flames and dense smoke through Center Avenue, a much-traveled thoroughfare, along which are situated many fine residences. The granite paving blocks in the street have settled more than a foot, and are so hot that neither horses nor pedestrians can pass over them. The earth in the vicinity is a mere shell, and appears likely to cave in at any moment.

By the irony of fate, two of the structures resting on the volcano are the house of Engine Company No. 14 and the handsome residence of Thomas A. Dunn, general manager of the Consolidated Ice Company. But neither Dunn's ice nor the fire apparatus of the engine company would be of the slightest avail against the underground blaze, which defies all schemes that have been suggested to quench it.

Street cars have been compelled to stop running on Center Avenue, and no one knows how widespread is the area under which the flames are rapidly eating away the surface. Real estate in the vicinity is going down with a third. Many residents who are afraid to occupy their homes are offering them for sale at ridiculously low prices, but are finding no takers.

Mine fires of this sort have occurred before in the Western Pennsylvania bituminous district, but none has ever before eaten its way into the very vitals of a city.

**President Accused of Using Big Stick to Force His Bill Through.**

**Statements Attributed to the Chief Executive Denied at White House.**

**Ex-Gov. Murphy of Arizona Heading Lobby Against Joint Statehood.**

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, Jan. 16.—[Exclusive Dispatch.] President Roosevelt's fight for the Statehood Bill, and the methods he is said to be employing to club the opposition into line, continue to be the sensation of the capital.

Representative Stenerson of Minnesota contributed to the tension of the situation by rising in the House, after a visit to the White House, and denying that the President had tried to get him to support the Philippine Tariff Bill, and, on his refusal, had said if he had known Mr. Stenerson's attitude he would not have made a certain appointment for him in the Land Office.

Mr. Stenerson said the President had not used such language.

That there is a lobby working to defeat the administration's bill providing for joint Statehood for New Mexico and Arizona has been charged by nearly every person who is interested in the passage of that measure. That there may be an equally objectionable lobby working for the Adams bill is indicated by those opposing the administration bill.

The President has taken the position that improper methods are being employed by those who are seeking to thwart his will. The White House denied that the President said to Representatives of Missouri that money was being used has been accepted as made in good faith. No one contradicts the President of the United States. That is the reason why Mark A. Smith, the Delegate from Arizona, did not take issue with the President today on the subject of bribery.

There are various interests working against the administration bill. Some of those professed to desire the admission of Arizona as a State without being coupled with New Mexico. Other interests object to the admission of Arizona as a State at all. Men interested in great mining properties and railroad officials are understood to prefer the present Territorial government should continue.

The brewing interests are also trying to strike out the clause prohibiting the sale of liquor in the State to be created out of Oklahoma and Indian Territory.

The most picturesque figure here is N. O. Murphy, former Governor of Arizona and former Delegate to Congress from the Territory. He is the head and front of the anti-Statehood "lobby." The President refused to reappoint him Governor and for the last three years he has been almost constantly in Washington watching the Statehood fight.

Mr. Murphy is a grizzled veteran of the Southwest who walks with a cane and carries a hearty greeting for all. Having been a Delegate to Congress, he exercises the privileges of the floor and has free access to members of the House at all times. Mr. Murphy is largely interested in mining properties with his brother, Frank Murphy, the capitalist of the family. Aiding the cause of the Murphy brothers is Mark A. Smith, present Delegate from Arizona. There

**SARAH MADDEN SUES DURYEA FOR BREACH OF PROMISE.**

Prominent Horseowner's Letters, it is Declared, Will Show the Jury that His Love, His Life and His Fortune Were to be Hers if She Were Willing.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Jan. 16.—[Exclusive Dispatch.] Persons prominent in society in this city and Lexington, Ky., are taking much interest in the coming trial of the suit brought by Miss Sarah Madden to recover \$50,000 damages from Peter Duryea, a prominent horseowner, breeder and reitman for alleged breach of promise of marriage. The case is likely to be brought to trial in a week or ten days.

George C. Coffin and Louis A. Cuvillier are counsel for Miss Madden, and Duryea is represented by Nathaniel Cohen of the firm of Howe & Hummel. It is expected that William Ed. Stokes, Mrs. Philip M. Lydig and others well known in the city will be witnesses, and that many affectionate epistles written by the horseman during the period of his acquaintance with Miss Madden will be read to the jury, to establish that he then expressed the declaration that his love, his life and his fortune were hers, if she were willing.

Miss Madden once appeared as the widow in "A Trip to Chinatown," in "My Friend from India," and she was one of the members of Rose Coghlan's company in "Peg Woffington." Duryea was formerly a partner of William Ed. Stokes in the Packer Wilkes stock farm in Lexington, and lived in the Adams estate in Chesterton, near Cambridge, England, known as "Langdale Lodge," and inherited a fortune from his uncle Nicholas Duryea.

Miss Madden formerly boarded with Mrs. Ward McAllister. It was in the spring of 1897 that she made the acquaintance of the horseman, having been introduced to him at a supper in Delmonico's. After that occasion he made ardent love to her, and introduced her as his fiancée. She says she has more than a hundred letters which will make interesting reading for a jury. She declares he asked her hand in marriage four times. Because of his conduct, she says, she suffered mental anguish and humiliation among her friends and acquaintances, and wants \$50,000.

Duryea has put in an answer in which he admits having refused to marry Miss Madden, inasmuch as he denies ever having made a promise to marry her, and then he refers to her friendship for other men whose names are likely to be brought out at the trial.

**FOUR MEET DEATH IN TUNNEL.**

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Jan. 16.—Two negro tunnel workers were killed by suffocation and calson disease, two were drowned, two others were seriously overcome, and the white foreman and his assistant suffered severely in rescuing those who survived, when a compressed air pipe burst in the East River tunnel on Man O'War Reef, opposite Forty-second street, early today.

The bodies of the two drowned men still lie at the bottom of the shaft, twenty feet below the river level. These men were overwhelmed by the water that entered the shaft when the pressure was removed. The other two dead men were hoisted to the surface by the foreman and his assistant, and the bottom of the shaft and were hoisted to the river level with the bodies just in time to escape drowning and death by the "bends," as the dread calson disease is called.

that they work with fairness to colored persons, for whom the railroads are required to furnish not only separate but equally as good accommodations as for the white people. The laws, he said, work no hardships nor humiliation upon the colored people, and are not resented by them. While northern negroes have a good deal to say about "Jim Crow," the colored people of the South are satisfied with the existing laws, said Mr. Tillman.

The committee devoted the entire session to discussion of the Dilliver bill. In the absence of Chairman Atkins, Senator Keen presided. At the beginning of the meeting, Senator Tillman urged that the committee confine its attention to some of the pending measures, not giving itself over to general discussion, as it had at previous meetings. This was done, but no decision of any kind was reached. The committee will meet again Friday.

## PRAYER TICKLES SOLONS.

**Chaplain of Pennsylvania House Raises Laughter at Expense of Anti-reformers.**

(BY DIRECT WIRE TO THE TIMES.)  
HARRISBURG (Pa.), Jan. 16.—[Exclusive Dispatch.] That element in the Pennsylvania Legislature which is opposing the reforms inaugurated by Gov. Pennypacker in the interests of clean municipal government received a severe jolt in the prayer offered this morning by the House chaplain, Rev. J. Patton Moore. The part of the petition referred to runs as follows:

"O Lord, the honored Speaker of this House, pointed the way in his most able speech yesterday afternoon, and any member who refuses to vote for the reform bills, may he go down to political oblivion in November next."

The chaplain's prayer was greeted with uproarious laughter. It was regarded as the most unusual and altogether sensational prayer ever offered in the House or Senate.

Magee Made a Pretty Fight for Mayor but, Admitting He is Whipped Will Turn in and Work for Millionaire Jenkinson—Democrats Knocked Their Own Candidate.

(BY DIRECT WIRE TO THE TIMES.)  
PITTSBURGH (Pa.), Jan. 16.—[Exclusive Dispatch.] The reform element of the Republican party in Pittsburgh today had their eyes opened to the fact that they have been the victims of the cleverest bunco game played in politics here for many years. And the bunco steers were the "millionaire syndicate," who put up A. M. Jenkinson, a millionaire tobacco manufacturer as their candidate.

The Independent Republicans placed in the field against Jenkinson the nephew of "Chris" Magee, Pittsburgh's lately deceased boss, W. A. Magee. Magee made a pretty fight against the capitalists combination as one could have asked for. So close was the battle of ballots that yesterday, with much flourish of trumpets, it was announced that Magee would contest the nomination. Today, Magee family admitted he was whipped, and would make no contest. Tonight it is said he will turn in and work for the victor.

The clever coup of the millionaires at once became apparent. Both Magee and Jenkinson were acceptable to them. They were "playing both ends against the middle," and would have won, no matter which of the candidates lost. Meanwhile, a host of simon-pure Democrats who turned in and shouted for Magee have now the uncomfortable assurance that they have not only helped the millionaire gang into victory, but have knocked the chances of their own reform candidate, George N. Guthrie, higher than "Glideroy's kite."

**International Conference Under Presidency of Duke of Almodovar of Spain.**

**Parties to Controversy Hope Much from Delegates of the United States.**

(BY THE ASSOCIATED PRESS.—P.M.)  
ALGECIRAS, Jan. 16.—6:10 p.m.—The opening of the Moroccan conference today was chiefly notable for the spirit of conciliation manifested throughout the formal inaugural session. The events of the day were the gathering of the ambassadors and their executive staffs and the one-hour session in which Duke Almodovar, Spanish Minister of Foreign Affairs, was unanimously elected president of the conference.

The Duke's speech of acceptance breathed concord and peace. It counseled the nations to adjust their differences, emphasized the essential principles of the sovereignty of the Sultan, the territorial integrity of Morocco and the "open door." It was significant that both the French and the German delegations heartily seconded the remarks of the Duke. The delegates had agreed to make themselves comfortable and not to trouble about uniforms, so that most of them were in afternoon dress. The Moors were the last to arrive, and their white draperies, turbans and yellow shawls looked like that at an afternoon tea.

There were seven of the Arabs, dignified men with watchful eyes, and all with athletic frames except Mohammed el Torra, whose figure is bent under the weight of his eighty-three years, and who walks with a long staff, which he handles more as a youth than an old man.

**THE DUKE'S WELCOME.**

The Duke of Almodovar, in welcoming the conference in the name of King Alfonso said it was the second time that Morocco and the great powers had met in Spain to deliberate on questions of the highest importance, and he hoped that the common efforts of the envoys would result in the satisfactory fulfillment of the heavy task imposed upon them.

Herr von Radowicz, the German Ambassador to Spain and head of the German delegation, then rose and pointed out that the position alphabetically of Allemagne (Germany) gave him the right to propose the Duke of Almodovar for president of the conference. The election of the Duke was unanimous. Secretaries were then chosen among them being M. de Margerie, formerly secretary of the French embassy at Washington.

Ambassador White was most satisfied with the result of the meeting, as the Duke of Almodovar emphasized the necessity for the independence of Morocco and the "open door" of which he was strongly seconded by the French and German delegates.

**HAD LIVELY OPENING.**

Great activity prevailed here as the hour for the opening of the international conference of Moroccan reformers arrived. On all sides there was much going and coming, as the formal official visits were exchanged between the delegates to the conference.

During the morning, the British and French delegates held a lengthy meeting, which is commented upon as showing close cooperation between Great Britain and France.

The representatives of France and Germany naturally are objects of curiosity, but the picturesquely garbed Moroccan delegates, headed by the venerable Mohammed el Torra, Foreign Minister of Morocco, shared honor with the French and Germans.

In the bay, the international squadron kept up an intermittent booming of guns as Ambassadors came and went. The American squadron lies across the bay inside the mole of Gibraltar. From the windows of Ambassador White's room here, the Stars and Stripes of the Brooklyn, the flagship of Admiral Sigsbee, are plainly visible.

Mr. White and Minister Gummere occupy apartments which command a magnificent sweep of the Bay of Gibraltar and the distant African shore. Messrs. White and Gummere received the Moorish delegates by appointment at noon.

**THE CONFERENCE HALL.**

The Ayuntamiento, or Town Hall, of Algeciras is elaborately fitted up for the conference. The marble staircase is carpeted with red velvet and lined with palms, and the assembly room, where the delegates are seated, is varnished with heavy walnut and brilliant with curtains of red. The table at which the delegates sit down extends the entire length of the hall.

The arrangement of the positions of the delegates is somewhat significant. Immediately on the President's right are the Germans, Herr von Radowicz, Ambassador to Spain, and Count von Tattenbach, Minister to Portugal; then

**STORM RAGING IN THE NORTH.**  
SNOW IS FALLING HEAVILY IN THE SIERRA NEVADAS.  
Severe Wind Along the Coast—Endangers the Safety of Vessels—The Steamer Baracuta Missing—Land-slides Hold up Trains—High Wind in Nevada—Rivers Rising.

(BY THE ASSOCIATED PRESS—P.M.)  
SAN FRANCISCO, Jan. 16.—A severe windstorm prevails along the coast, and a number of vessels are believed to be in peril. The steamer Baracuta, from Tacoma for this port with passengers and freight, has not been spoken or heard of since she put to sea on the 10th inst. The steamer Tullius arrived this morning from Union Bay after a perilous trip, but did not see the Baracuta. The Tullius made the trip in eighty-five hours, twenty of which were spent in fighting for headway.

Some fears are entertained for the safety of the new schooner Mayfair, which is being towed by the tug Dauntless from Aberdeen to this port, and which should have arrived yesterday.

Several steamers and sailing craft which should have arrived this morning have been delayed by the storm, but are expected to reach port in safety.

The ferryboat Oakland was disabled today by running into her slip, and was replaced by the San José of the Key route.

SNOW IS FALLING HEAVILY IN THE SIERRA NEVADAS, and the Southern Pacific has a large force of men at work in order to keep trains moving. There have been two landslides which have held up trains. One is at Steinman and the other at Smithson. The trains delayed were two freight and passenger trains Nos. 12 and 15.

Prof. McAuley of the Weather Bureau said today: "The storm covers California from Point Conception northward, and the winds are heavy in the north. In the Sacramento Valley, there has been nearly an inch of rain and high winds. The temperature has risen about 10 deg., and the problem is now to look out for the rivers."

The river at Marysville at 10 a.m. was fifteen feet, and had risen two feet since yesterday. The danger line is fifteen feet. The levees are in good condition, and no danger is anticipated at that point, though the low ground in that vicinity will be overflowed by tonight.

At Sacramento, the river is about seventeen feet, and the danger line is twenty-six feet. It is falling a little, but it will rise again this afternoon.

At Oroville, the river was rising rapidly this morning, and is about twelve feet, and the probabilities are that it will continue to rise. At Colusa, the river is fifteen feet, has eight feet to go to the danger line, and will rise this afternoon and tonight.

**LANDSLIDES DELAY TRAINS.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SACRAMENTO, Jan. 16.—Rain has been coming down in large quantities today and the precipitation is accompanied by a strong wind from the south. The north and southbound Oregon Express trains are held up at points about Redding by landslides.

**HIGH WIND IN NEVADA.**  
(BY THE ASSOCIATED PRESS—A.M.)  
RENO (Nev.) Jan. 16.—A sixty-mile wind from the southeast blew over Reno at 6 a.m. o'clock today, unroofing houses and blowing down a large freight shed, a frame residence and many trees. At Carson and Virginia City, the wind reached a velocity of sixty-five miles an hour.

**THREE-MASTER ASHORE.**  
(BY THE ASSOCIATED PRESS—P.M.)  
SAN FRANCISCO, Jan. 16.—The three-master schooner reported ashore about eleven miles above Umpqua is supposed to be the Lucy of the Gardiner Mill Company. The Lucy left San Pedro about three weeks ago in ballast for Umpqua.

**SLOPE BRIEFS.**  
Sally Berry in Asylum.  
SPOKANE (Wash.) Jan. 16.—Sally Berry of Northport, Wash., the insane woman who held possession of a car at Portland, Kan., for five days, has been brought to this city and was committed to the asylum at Medical Lake this afternoon. She was brought here by the sister, Mary Reade of Tulsa, I. T., whom she was on her way to visit when stricken.

Blind Captain Pilots Vessel.  
SAN FRANCISCO, Jan. 16.—Stricken with blindness at sea, Capt. Sanburg of the schooner Falcon, bound from Ventura to Gray's Harbor, stood by the helm and piloted his vessel through the storm and brought her into this port. Sanburg had one of his petty officers take the observations, from which he gave orders to the helmsman. He felt unequal to the strain of continuing the voyage to the northern port, and will seek relief from oculists here.

'Frisco's Chamber of Commerce.  
SAN FRANCISCO, Jan. 16.—At the fifty-sixth annual meeting of the San Francisco Chamber of Commerce, this afternoon, President George A. Newhall retired in favor of Capt. W. H. Harrison, who recently was elected to the position. The reports of the secretary and treasurer showed the chamber to be in a most prosperous condition.

Republican League Meeting.  
SAN FRANCISCO, Jan. 16.—The Executive Committee of the State League of Republican Clubs was held this afternoon at the rooms of the Union League Club. Ferd K. Rule of Los Angeles was in the chair. It was decided to hold the next annual convention of the league at Santa Cruz May 14 and 15. J. Harry Russell was elected to succeed the late L. P. Wilson as assistant secretary. No other business of importance was transacted.

Appointees of the Governor.  
SACRAMENTO, Jan. 16.—Gov. Pardee has appointed the following to represent California at the National Division Conference to be held in Washington, D. C., next February: Judge Charles Monroe, Congressman J. N.

Gillette and Attorney A. R. Dahner. He has also appointed Peter Derr R. Rosal as honorary commissioner to the exposition to be held at Milan, Italy, to represent California.

**Great Northern Train Wrecked.**  
VANCOUVER (B. C.) Jan. 16.—The Great Northern train from Seattle for Vancouver was wrecked last night near Burnaby Lake. The wreck was due to a fallen tree which lay across the tracks. James W. **Bunker's Motion Denied.**  
SACRAMENTO, Jan. 15.—Harry Bunker, convicted briber, was denied his motion for perpetual arrest of judgment, today, by Superior Judge Hart. Tomorrow, on arrival of the remittitur denying his motion for a rehearing made before the Supreme Court, Bunker will be taken to San Quentin State Prison to begin his servitude of five years. He offered to surrender to the Sheriff this afternoon, but as he has a good bond up, he was told to appear tomorrow, when the Sheriff expects to have received the commitment for his incarceration.

**TREASURY FUNDS OF KANSAS GONE.**  
GRAFT IN SUNFLOWER STATE IS INDICATED IN REPORT.  
Accountant Finds Discrepancy of About Seventy-eight Thousand Dollars. Whereupon Former State Official Hastens to Issue Statement in Which He Denies Responsibility.

(BY THE ASSOCIATED PRESS—P.M.)  
TOPEKA (Kan.) Jan. 16.—A total shortage in the Kansas State Treasury of about \$78,000 is shown by the report of Accountant Morris in the treasury examination just closed, according to a summary of the report prepared by Gov. Hoch and made public late this afternoon.

The report covers all transactions made by the State Treasury from January 1, 1888, to June 30, 1905, including two full terms of former State Treasurer Frank E. Grimes and one term and six months of the administration of Thomas T. Kelly, the present State Treasurer. The bulk of the shortage appears in the accounts of the office during the Grimes administration.

Of the total of \$78,000, \$60,000 is due to missing coupons from bonds owned by the State school fund, and \$18,000 is due to the loss of interest on warrants issued by the Territory of Oklahoma to the State of Kansas.

Gov. Hoch tonight declined to discuss any action that he might take in regard to the result of the investigation.

Former State Treasurer Frank E. Grimes issued a statement tonight. He absolutely denies any responsibility for the shortage in the Oklahoma warrants, and says he is able to account satisfactorily for all the bond-coupon shortages except \$2215. Grimes states that he is willing to make good any shortages he is responsible for. In his statement, Grimes puts the responsibility for a number of serious discrepancies on C. R. Richey, his chief clerk.

Aside from the shortage shown, the Morris report makes sensational disclosures concerning the embezzlement of the "State property" stamp from the backs of coupons and the mutilation of records in the offices of the State Treasurer and State Auditor.

**PRINCESS LOUISE DIVORCED.**  
GOTHA, Jan. 15.—The suit of divorce brought by Prince Philip of Saxe-Coburg-Gotha against his wife, Princess Louise, eldest daughter of King Leopold of Belgium, which has been before the court for many months, was concluded today, when the divorce court rendered a decision providing for an absolute divorce. The Princess will bear the cost of the litigation. The question of which party was guilty was not raised. The Princess accepts the decision. She receives a lump sum of \$80,000 and \$1400 from Prince Philip and will also receive an annuity of \$10,000 from King Leopold. As the result of the granting of the decree, the Princess will in future be known only as Princess Louise of Belgium.

**WARE PAID ALL EXPENDITURES.**  
OMAHA (Neb.) Jan. 16.—When the case of Rev. George G. Ware, charged with conspiracy in the alleged land fraud cases, was called this morning, Frank Lambert, who was indicted with Ware, again took the stand. His testimony was devoted to details of the entries by old soldiers and leases of their claims to the U. S. L. Land Company. Lambert alleged that all these expenditures were paid by Ware, the president of the company.

**RAILROAD NOTES.**  
**JOTTINGS HERE AND THERE.**  
That the fame of Riverside may in  
time come to be firmly established as a  
center for the manufacture of mission  
furniture is possible through the pa-  
trons of the cunning craftsmen in  
that line by the Salt Lake Railroad.  
The handsome new city office of the  
San Pedro line in Salt Lake City to be  
opened in the office of the white mar-  
ble-finished Herald building on Main  
street, will be furnished throughout  
with furniture made in Riverside, and  
identical in style and finish to that of  
the new Cleveland Hotel, and the Riv-  
erside city offices of the railroad. At  
the same time orders have been placed  
in Riverside for similar furniture for  
the new city ticket offices of the Salt  
Lake in the Stewart Hotel in San Ber-  
nardino.

The Salt Lake announces that it will  
resume its regular weekly tourist  
sleeper to Minneapolis, begin-  
ning January 18, leaving Los Angeles  
every Thursday night.  
T. P. Callen, superintendent of the  
Los Angeles division of the Salt Lake,  
is confined to his home by a passing  
illness.

E. W. Gillette, general freight and  
passenger agent of the Salt Lake, left  
last night for Chicago and New York  
on a two weeks' business trip.

**WESTERN PACIFIC LINE.**  
**ASKING MORE SPACE.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, Jan. 16.—In the  
war between the Western Pacific and  
Southern Pacific for terminal facilities  
adjoining the north training wall of  
the Oakland estuary, the fact devel-  
oped yesterday that the Western Pa-  
cific has filed with the War Depart-  
ment a second application for more  
space in the locality mentioned.  
The War Department has sent this second  
application to Col. William H. Heuser  
of the United States engineers to in-  
vestigate and report upon.  
The original request of the Western  
Pacific called for a space immediately  
adjoining the north training wall, 1000  
feet in width, at the western end, and  
tapering to 600 feet at its eastern end.  
The second application asked for a  
width of 1000 feet for the entire length,  
and explains last week's activity of the  
Western Pacific in driving piles 100  
feet to the north of the eastern half  
of the training wall.

**PECULIAR ACT OF COUNCIL.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN JOSE, Jan. 16.—The second  
reading of the ordinance granting a  
franchise for an electric road along  
Santa Clara street to L. E. Hanchette  
and his associates, was deferred at the  
meeting of the Mayor and Common  
Council today, when action was  
taken to enable the Mayor to commu-  
nicate with the Supreme Court to learn  
definitely if the granting of the fran-  
chise would be a violation of the re-  
cent alternative writ of mandate is-  
sued by that court.

Immediately after a message was re-  
ceived from Chief Justice Beatty  
through a member of the Chamber of  
Commerce to the effect that he de-  
clined to enlighten the Council on the  
subject, and suggesting that the Coun-  
cil act on the advice of the attorney.  
The latter advised that the Council  
would not be in contempt should the  
franchise be granted.

**That Line Railroad.**  
In reference to the incorporation of  
the Sierra and Eastern Railroad, it is  
stated by those interested that it will  
not be built further at present than  
from the main line of the Santa Fe  
and Southern Pacific at Tehachapi to  
the line pits two and a half miles dis-  
tant which have been worked for sev-  
eral years and it will be utilized for  
shipping the lime. The charter per-  
mits an extension to the point in  
question, but for the present that  
is not intended to be put into ex-  
ecution.

The Chamber of Commerce having in  
charge the entertainment of the vi-  
sitors, met yesterday and outlined an  
itinerary. Saturday morning the ex-  
cursionists will be welcomed at the  
train. In the afternoon the party will  
be taken over the Salt Lake Railway to  
Long Beach, where the Long Beach  
Chamber of Commerce will do the  
honors.

Saturday evening at 8 o'clock there  
will be a public reception in the rooms  
of the Chamber of Commerce, to which  
everyone is invited. The visiting de-  
legates and local business men will make  
short talks, and there will be a musical  
programme, after which refreshments  
will be served.

Catalina and its beauties will be  
the attraction for Sunday. The entire  
day will be given to the trip, and the  
Chamber of Commerce expects to make  
it an especial success. A steamer will  
be chartered for the exclusive use of  
the party.

Monday the Oregonians will be shown  
Hollywood, Santa Monica, Ocean Park  
and Venice. Special cars on the Los  
Angeles-Pacific Railway will leave the  
Fourth street station at 10 a. m. At  
each point where the party stops en-  
tertainments are being arranged, and  
lunch will be served at one of the  
beaches.

A trip to Pasadena and the surround-  
ing attractions will occupy Tuesday.  
The Otis Farm and the mission at  
San Gabriel will be visited, and the  
party will stop over for a short time  
at Hotel Raymond. The next day there  
will be a special excursion to Mount  
Lowe, which will bring the end to the  
festivities.

All members of the Chamber of  
Commerce who desire to join the party  
will be furnished tickets free by call-  
ing at the office of the secretary. None  
but members will be supplied.

Special committees were assigned to  
take care of each of the daily features  
of the entertainment.

## AGAIN RESORT TO VIOLENCE.

Workmen Threatened by Labor Union "Pickets."

Police Called to Prevent a Threatened Assault.

Efforts to Compel Printers to Quit Work Fail.

Non-union printers working for the Out West Company and C. E. Bireley were forced to ask the protection of the police yesterday afternoon from the union "pickets" and those who were lying in wait for them outside the establishments.

These "pickets" have been busy more than a week endeavoring to get the men who work to quit their jobs and join the union, but the non-union printers stood firm, and as each day went by the "pickets" became uglier and more vicious.

A crowd of the bushwhackers, who are setting under Red Penney's order, was on Second street last evening waiting for the men in Bireley's to start for their homes. It will be remembered that it was just at this point, on Second street, that the last week, one of Bireley's men was brutally assaulted by these thugs, called in the language of the unions, "pickets." George Wall was struck down and left for dead. A warrant was sworn out charging John Schmidt, one of the most vicious of the gang, with the assault, but Schmidt was taken care of by those who directed the bloody job from the gang's headquarters, and was probably smuggled away. Anyway the police, despite all efforts, have been unable to find him.

This action was fresh in the minds of the men employed in the two open shops, and they did not care to run the risk of being clubbed into insensibility or perhaps killed by unionists who always strike from behind.

The "pickets" had attempted on previous occasions to force the men to give up their jobs and join them, and finding that they could not persuade them to do so had resorted to threats, and had told the honest workmen that "if we don't get you one way we will in another. We are going to get you, all right."

When closing time came last night, the strikers were on hand, and uglier than ever. The Out West Company's head pressman has been doing some work also for Bireley during the last week, and the union-labor rowdies were after him in particular. One of the men called the police department by telephone, explained the situation, and asked for protection.

Officer W. E. Smith was immediately sent to the scene and on the arrival of the big patrolman a number of the thugs slunk away. The officer watched while the workmen quietly left the shop and went away in various directions to their homes. He escorted the man against whom the principal attack was aimed to a nearby restaurant, while a bunch of half a dozen of the "pickets" followed.

They claimed they had an appointment with the pressman. He said, however, that he wanted nothing to do with them, and when the union gang attempted to surround him in the restaurant the officer drove them off. They made them leave the place entirely.

This pressman told the officer that he had been a union man for many years, but had become so sick of being a dupe that he had rebelled and for that reason more than anything else they wished to "get" him. He is not afraid of anything they can do to him, however. He intends to stand for his rights as an American citizen.

President Davis of the Out West Company promises his men protection and says they shall be safely guarded. If he has to hire special officers to protect them and their families from the attacks of the union "pickets," the police will watch the trouble-makers after this and the scallawags will get their deserts if the nefarious union methods are kept up.

**'DEATH RATHER THAN DISHES.**  
BY DIRECT WIRE TO THE TIMES.

DENVER, Jan. 16.—(Exclusive Dispatch.) Rather than wash dishes, which he declared to be girls' work, Juan Carras, aged 12, son of a well-known ranchman living near Manitou, committed suicide by shooting a rifle bullet through his head.

The boy was ordered by his father to wash the breakfast dishes, after which he was to have joined his elder brother in a near-by hay field. Juan protested, but it did no good. After an hour had passed and the lad did not appear in the field, the father and brother returned to the house to look for him. They found the lad dead on the floor with a rifle lying by his side.

It is supposed he sat down on the floor, placed the weapon between his knees, then fixed the left eye over the muzzle, and released the trigger with his hand. Death was instantaneous.

**GIN AIDS IN MURDER PLOT.**  
HOPE OVERCOME AND KILLED.  
BY DIRECT WIRE TO THE TIMES.

NEWARK, (N. J.) Jan. 16.—Frank Banask, an employe of the Edison works at West Orange, was arrested last night, and, according to the police, confessed to having murdered a week ago, Thomas Hoff, with whom he boarded, that he might marry Hoff's wife.

Banask challenged his landlord to a drinking bout. They went to a saloon and called for the liquor. Banask filled his own glass with water each time Hoff filled his with gin, and late at night Hoff was overcome by the liquor. He could not take care of himself and Banask helped his victim out of the saloon and started for home with him. They went up the Lackawanna tracks toward Bloomfield.

When he was sure no one was in sight, Banask raised a mallet and brought it down on the drinker's head, killing him. Then he carried the body some distance down the tracks and laid it across the rails. The midnight train cut off both legs of the body but the engineer saw the body just before his engine struck it.

A fracture of the skull pointed to murder and Banask's arrest and alleged confession followed.

## STEALS ONLY WHAT HE LIKES.

A DISCRIMINATING BURGLAR LEAVES MUCH RICH LOOT.

Enters Residence on Marmion Way During Absence of Occupants, Takes Many Small Articles of Jewelry but Does Not Disturb Old and Very Valuable Silver Plate.

The home of Mrs. Anna B. Dorrance at No. 4541 Marmion Way was entered by burglars some time yesterday afternoon, and a number of small articles of jewelry taken. A large amount of old and valuable silver was overlooked or neglected, and a trunk in plain sight of the marauder was not touched. The work is apparently that of an amateur, or else the man was frightened away before he completed his inventory of the house.

Mrs. Dorrance is away from home, but her two daughters, Misses Pauline and Juliette Dorrance, and a son, Walter Dorrance, together with some boarders, live in the house. Everyone was absent yesterday afternoon. When the members of the family returned at about 6 o'clock, they at once discovered that the house had been entered. A back window was open, and although it showed no signs of having been forced, was apparently the mode of entrance.

Whoever did the job seems to have had a fondness for rings and pins. Although other articles of greater value, particularly family silver, were in exposed places, nothing else was taken. Miss Juliette Dorrance lost five rings and three pins, and Miss Emma A. Smith was despoiled of two stick pins, a brooch, a breast pin, and a baby pin. One or two other pins in the same cushion with the baby pin were not touched, and although other rooms were entered, nothing was taken from them.

A man was seen coming from the house at about 4:30 o'clock, and a description of him has been obtained from two persons. Detectives are working on the case, and have a clue that may lead to an arrest. The value of the articles taken is about \$200, but many of them were worth much more to the owners on account of their associations.

## CRIME BRIEFS.

**Find Hand of Woman.**

LEWISTON, Idaho, Jan. 14.—The finding of a woman's arm and hand in a vacant lot in this city leads the police to believe that a murder has been committed. A dog was playing with the hand. Search resulted in finding several bloody paper napkins.

**Pennsylvania Wants Both.**

SACRAMENTO, Jan. 16.—Several weeks ago, the District Attorney of San Francisco obtained requisition papers for the return from New Mexico of J. H. Ott, Jr., awaiting trial in San Francisco on a charge of robbing his friend, Frank Johnson, of \$1100. Gov. Frazier has now received requisition papers for both Ott and Johnson from the Governor of Pennsylvania, where they are wanted for obtaining a quantity of building material by fraud and selling the same.

**BUFFALO BROKERS SUSPENDED.**

BUFFALO, Jan. 16.—The offices of William F. Denver & Co., stock brokers, were closed today. Edward Brady, manager and principal stockholder in the concern, is said to be in Boston. No statement as to the cause of the suspension could be secured. The firm did not hold membership on any of the stock exchanges but handled a large stock business on margin in eighty branch offices in New York State and Canada.

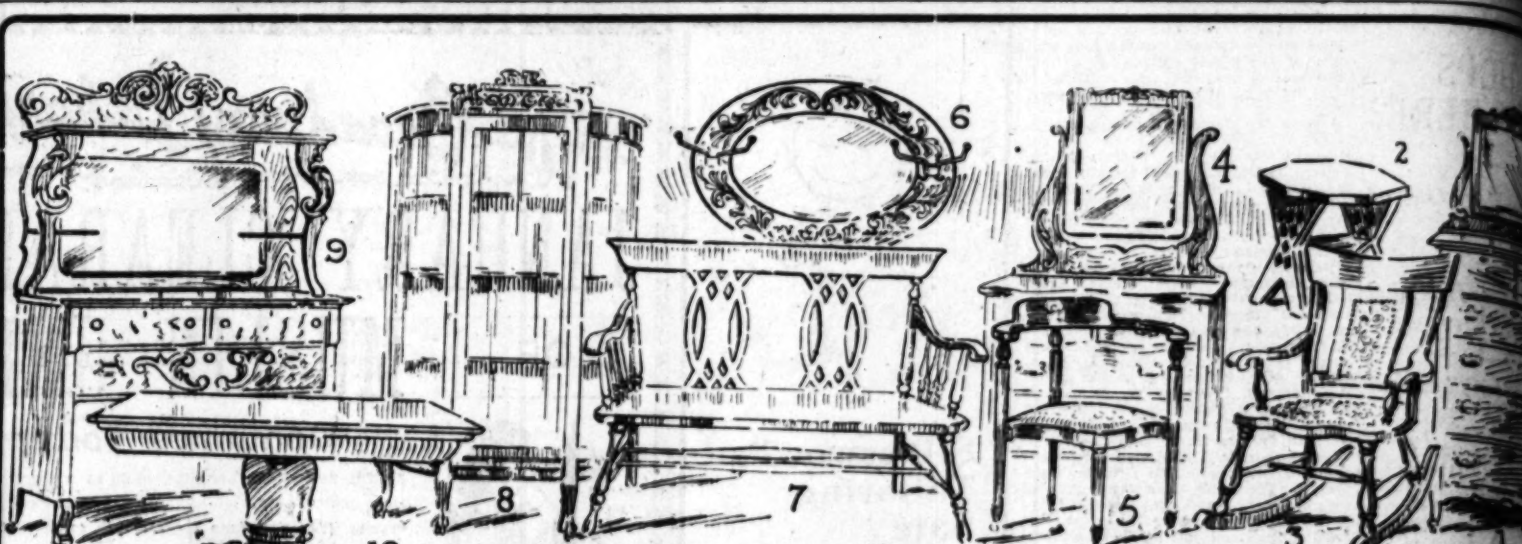

**CHARLES R. OWENS' SUICIDE.**

BROTHER AT LONG BEACH.

BY DIRECT WIRE TO THE TIMES.

LITTLE ROCK (ARK.) Jan. 16.—(Exclusive Dispatch.) Charles R. Owens, aged 30, bookkeeper for the Wilson & Webb Stationery Company, committed suicide by shooting himself in his room in a boarding-house. His body was discovered three hours later.

Owens left two letters, one to his brother at Long Beach, Cal., and one to June Wooten of this city. In the latter he disposes of \$2000 insurance policy, giving \$1000 to the Christian Science Church of Little Rock of which he was a member. In the letter, he

## OREGONIANS WARNED

[illegible]

## THE CITY IN BRIEF.

### NEWS AND BUSINESS.

#### Scenes on Hotel Walls.

Six hundred large photographs portraying many of the scenic features of the Pacific Coast are to be placed on the walls of the new hotel Alexandria. The pictures are finished in sepia tones and when framed each will bear a view of the city of Los Angeles. The order for the pictures has been filled by Putnam & Valentine.

#### Ohio State Society Meets.

The Ohio State Society had its first meeting for the new year last night at the Woman's Club House on South Figueroa street. About 800 people were in attendance. A programme of short speeches, music and a general social time was followed by dancing. The society will celebrate "Lincoln Day" on February 12, with an appropriate programme, an oration on the life of the martyr President, patriotic music, and a dance.

#### Wards at "Polly."

Frederick Ward, accompanied by Superintendent Fosbury, Principal Francis, and President of the Board of Education, W. H. Wadsworth, visited the Polytechnic High School, yesterday afternoon, and gave a short address and three recitations. He also spent about a half an hour in placing his signature on cards offered for the purpose by "Polly" students. Mr. Ward was presented a handsome basket of flowers by the student board of control and a bouquet by the Iona Club.

#### Twenty More Lawyers.

The semi-annual bar examinations before the District Court of Appeals were concluded yesterday, and twenty of the applicants were admitted to practice law. They are J. Stewart Ross, Edmond R. Robson, William C. Morrison, Phil D. Swing, Frank A. Virtue, William C. Day, Trilla A. Brown, F. W. Ferguson, J. M. McCall, Franklin F. Johnson, Henry D. Pruitt, Olin Wellborn, Jr., George H. Kelch, Lon K. Wether, R. K. Brundage, Frank L. Miller, C. S. Darden, E. Swift Torrance, Leo Daniel Byrne and Leo S. Chandler.

#### Torpedo on Track.

Lads playing on Third street yesterday afternoon placed a torpedo on the street car track about midway between Main and Spring streets, and hid themselves in the bushes. An Adams-street car came bowling along, and as its front wheels struck the torpedo there was an explosion which caused the motorist to think of Russian bombs. Shopkeepers rushed out onto the street, pedestrians hurried into the side street from both Main and Spring, and in a few moments there was a great crowd. There was no damage, except wear and tear on nerves.

#### Three Unimproved Lots Sold.

Lee A. McConnell & Co. report the sale of 100x150 feet on the southeast corner of Seventh and Berendo streets. Wilshire boulevard Heights Company, to R. Hawkins, for \$500, an unimproved lot. The same block in connection with William Bradshaw, has sold for C. T. Crenell a lot 250x140 feet on Berendo street, between Seventh and Eighth, for \$42,500 per foot. \$187.50 for the whole piece. Lee A. McConnell & Co. have also sold for L. L. Merrill a lot 50x125 feet on Union avenue, between Second and Third streets, for \$1100.

#### Calve is Coming.

Mrs. Calve will be heard in concert at Simpson's Auditorium on Monday, Jan. 25. The concert will open this morning at Birkle's music store, No. 345 South Spring street. This is Calve's first concert tour, and among her selections will be the "Soprano" of Gounod's "Raphaël," the "Bird Song" from "Fidelio," David's "La Perle du Brésil," and "Habenera," from Bizet's "Carmen." Calve will be assisted by Herrick von Norden, tenor; Miss Bourmann, contralto; Deane, pianist; Louis Fleury, flutist; and Jeanette Vermorel, violinist.

#### G.A.R. Reception.

Comrades of the G.A.R. in and about Los Angeles are preparing for a public reception to be given to the department commander, W. W. Russell, and members of his staff Friday evening at Elks' Hall, No. 231 South Spring street. Department Commander Russell, Adj. Gen. Roberts and other members of his staff, who are now on a tour of inspection of the State, will arrive in Los Angeles Thursday. At the reception Past Commander of Stanton Post, E. E. Davis will preside, and Past Commander of Bartlett Post, Judge B. N. Smith will deliver an address of welcome, which will be responded to by the department commander.

#### Quick Roll Saves His Life.

As car No. 221 on the San Pedro street line was crossing the intersection of Third and Main streets, yesterday afternoon, a "swifty" of the Los Angeles District Messenger Service dashed across the street on his bicycle. The wheel slipped as it struck the iron rail, and both wheel and rider were thrown directly in front of the moving car. With quick presence of mind the lad rolled himself under the track, and out of reach of the car. The motorist applied the brakes, and the lad was just in time to snatch his wheel away from his wheel and was out of sight. It was a disgrace such as no well regulated messenger boy could face, and he fled in confusion.

#### More Great Broadway Buildings.

In order to permit possible modifications of the plans of the new Hamburger store, M. A. Hamburger and W. E. Chamberlain of A. Hamburger & Sons and Alfred F. Rosenheim, the architect of the new building, left Sunday night for the east to inspect anything new to the large department stores and as soon as they return, work will be pushed to completion on the new building, where they expect to have their immense store in operation by July, 1937. It is rumored that two other large buildings are to be erected on Broadway between Seventh and Ninth streets, one with a frontage of 120x165 feet, and the other 100x165 feet, both to be occupied by two of the largest and oldest firms of the city. It is said upon the street that a lot was sold upon the east side of Broadway recently between Seventh and Eighth streets for \$2500 a foot.

#### Unknown Man Dead.

An unknown man, aged about fifty years, died in the basement dormitory of the Good Samaritan Mission, corner of Ord and San Fernando streets, last night at 7 o'clock. The man has been sleeping at this place, at various times for the past six weeks, but no special attention was paid him by any of the inmates, and no one knew his name, anything to aid in his identification. The clerk at the Good Samaritan says that yesterday morning some of the men who had slept in the basement notified him that the man was ill, and that he called for the attendance of the county physician. A report was received last night that the poor fellow had laid three days in the basement without any attention from the management of the institution, and that a doctor was not brought in until the man was almost dead. At the Good Samaritan, last night the clerk would neither affirm nor deny these rumors, merely saying that the case would be investigated this morning. Officers who made an investigation after the death was reported, declared that the basement dormitory was so foul they were actually sickened in the performance of their duty.

#### ELKS ARE COMING.

Special Train Will Bring More Than Two Hundred from Salt Lake City Next Month.

Salt Lake Elders are soon to frisk about in the freedom of Southern California sunshine, and enjoy the delights of Los Angeles hospitality.

A special train, which, it is said, will be the most luxurious ever traveling over the Salt Lake Route, will arrive from Salt Lake City about noon of February 12, with a company of over 200 Elks from the Utah metropolis.

Yesterday the local Elks received a communication from A. W. Raybould, secretary of the Salt Lake lodge, giving news of the oncoming excursionists, and there will be a meeting tonight of the Los Angeles Elks to make suitable provision for an elaborate entertainment of the visiting brethren.

#### ANNEXATIONISTS AT WORK.

There were two meetings last night in the Chahuenga Valley to forward the campaign for annexation to the city of Los Angeles. The first meeting was of the Chahuenga Valley Improvement Association, at which a committee of five was appointed to act with similar committees appointed by the Prospect Park Improvement Association and the citizens of Dayton Heights. Immediately after the adjournment of the first meeting a second was held, at which all these communities were represented, and a general annexation committee of twenty-one citizens was appointed, as follows: R. E. Langworthy, Edward Cole, P. L. Dodge, G. H. Royce, W. B. Lockwood, G. B. Murphy, Graham Smith, F. W. Ryan, Mr. Paul, F. W. Hovey, John W. Mitchell, A. L. Stevens, Richard Morton, Henry Seligson, A. Knutson, J. L. Plummer, W. E. Voeburg, H. D. Canner, S. P. Rhoades, C. E. Burkett, W. D. Fuller. This committee will meet for permanent organization after the adjournment of plans for campaign on Thursday evening at 7:30 o'clock, in the Ramona schoolhouse, corner of Center and Santa Monica avenues.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 1172. Subscriptions and advertisements taken. Visitors will find copies of The Times on file, and are welcome to call and read them.

### The Kurtzmann Piano

We are sole agents in Los Angeles for the celebrated Kurtzmann Piano—for 36 years an instrument well and favorably known throughout the whole country.

The Kurtzmann is the product of the old reliable German firm whose factories are at Buffalo, N. Y.—a locality peculiarly adapted to the manufacture of pianos.

The intelligent and careful construction of the Kurtzmann piano ensures long life to both sound and action. All material used in the Kurtzmann is the best that can be procured. The finely organized working force is selected from masters of their craft.

Individuality of tone is a characteristic of Kurtzmann, which is appreciated by all music lovers; it can be described in a single phrase—it is "sunny musical."

You are cordially invited to visit our store to inspect this high-class instrument.

### HIT THE KEYS TO GET PIANO.

Hollywood Woman Will Play in Strange Contest.

Mrs. Schlosser's Instrument the Coveted Prize.

Two Granddaughters Have a Chance to Win.

Mrs. Jennie Barnett (larger figure) of Hollywood, and Miss Alice Spread of Chicago, who will play in remarkable contest for ownership of the Schlosser piano.

envy of every daughter and granddaughter in the Schlosser connection ever since it came into the family. And now it is to be played for, and the relatives themselves are to decide who is the winner.

This is the provision of the will of the woman who owned the famous instrument. It was supposed that when the will was read the piano would have been bequeathed to some one of the granddaughters, and sentence by sentence the relatives listened with eagerness.

Of course there were many other bequests, for the old lady was worth almost two millions; but there was a special interest taken in the point as to who was such a favorite of Mrs. Schlosser as to be given the piano.

It seemed as if the lawyer would never get through with the reading of the bequests which were merely matters of giving away money, but at last came the reading of the strange provision for the disposal of the fine musical instrument—it should be done by a regular contest. There was one advantage, anyway; the matter wasn't settled yet, and everybody had a chance.

Although the will was filed for probate only on the first part of January, there has been much activity among the piano players of the house of Schlosser. A quiet canvass has been made among the uncles and aunts by the younger generation as to what were their particular favorites in the musical line, for as the relatives were to be the judges it might be just as well to "tick up" their ears with their particular fancies in rag-time, topical, sacred or classical compositions.

Then there was a rush to the music stores, and a little later there was a thumping of keyboards which set the neighbors all wondering—the pianos were certainly going some wherever lived a Schlosser.

This was all well enough at first, and there were many bright hopes centered on that wonderful \$1000 baby grand; but one by one the relatives weakened on their practice, until at last, by common consent, the contest was narrowed down to two of the granddaughters.

One of these is a Hollywood girl—or at least, she was; for she has only recently gone back to Chicago to make her home, and her parents are now residents of the Calumet Valley.

She is Mrs. Jennie Barnett, wife of J. G. Barnett, of No. 517 Tukey avenue, and is the daughter of Mr. and Mrs. Alfred G. Schlosser, who have made their home in Hollywood for the past two years. All last summer Mrs. Barnett was also a resident of Hollywood, and she was a social favorite there, where her musical ability won much recognition.

The other contestant in this novel contest will be Miss Alice Spread, who is also a granddaughter of the late Mrs. Amelia Schlosser, and the

daughter of Mrs. Amelia L. Spread, whose home is in Chicago.

It is said that both these ladies are devoting much time to practice, that both are the "star" musicians of the Schlosser family, and that this forthcoming contest will be such a one as will cause every relative to sit up and take notice.

Doubtless the grandmother would have liked nothing better than the privilege of hearing this contest by her own granddaughters, for she dearly loved music. Notwithstanding her unfortunate death, she was a great delight. She often expressed the wish that some of her granddaughters should become accomplished musicians. Some time ago she came into possession of the wonderful piano, and she held it in the most loving reverence, and, indeed, good judges say it is a remarkable instrument. It was the greatest delight of Mrs. Schlosser to have some one play for her on this piano.

By the terms of Mrs. Schlosser's will, Mrs. Jennie Barnett and Miss Alice Spread will come into a large share in the Chicago estate. There are four children: Alfred G. Mrs. Amelia L. Spread, Mrs. Ida L. Thompson and Mr. and Mrs. Alice H. Slater, the daughters all residing in Chicago.

In the majority of the property interests of their mother, they share equally. Besides the bequests to relatives there are gifts to the German Old People's Home of Chicago, the Irish Lutheran Orphanage, and orphan asylums.

A remarkable parlor concert is soon to take place before a select audience composed of all the relatives of the late Mrs. Amelia Schlosser, and there will be intense interest, and probably some heart-burnings in it.

The prize for the best player—and these players, too, must be of the Schlosser relationship—is no less than a magnificent, highly-treasured "Baby Grand" piano which was owned by the late-deceased Mrs. Schlosser, and which, to tell the truth, has been the

lum at Herford, Germany, and several other institutions.

EARLY IN CHICAGO.

Mrs. Amelia Schlosser was one of the old-timers in Chicago, who will be recalled by many a Chicagoan who now resides in Southern California. She made her first visit to that city on a canal boat, when the place only had 25,000 inhabitants. She soon afterwards settled there, and lived there continuously until her death.

The Schlosser fortunes were founded by the fortunate purchase of realty in the Chicago business district. Unwittingly, Mrs. Schlosser was responsible for this fortunate selection.

There were two pieces of property for sale on Adams street, and there were so nearly equal in value that Mr. Schlosser could not make up his mind which one to take. Each was valued at only \$100. Finally, he called his wife to visit the lots and make the decision. She picked out one of them as her choice, because it had five silver maple trees on it, while the other lot had but two. The deal was then closed.

Within a short time the lot she had rejected was condemned by the city of Chicago in order that La Salle street might be cut through to Jackson street, the owner being paid \$250 for the lot.

This made the Schlosser property a corner lot, and today it is valued at \$100,000, and heirs to an annual net rental of \$20,000. The property is leased for ninety-nine years to the Corn Exchange Bank.

FIGURES ON BIG FIGHT.

Lord Grimthorpe of England, with Three Hundred "Wills" Contest, Arrives Here.

Lord Grimthorpe of London, England, who arrived last evening from Santa Barbara, after touring the northern part of California, will soon figure in one of the most sensational will contests held in recent years.

Lord Grimthorpe was Ernest Becket before the death of his uncle, and his title he succeeded, and Lady Grimthorpe is the daughter of William Tracy Lee. The Lord Grimthorpe was one of the most famous parliamentary lawyers of his country, and his estate, which is valued at \$15,000,000 or more, is not entailed. However, in accordance with the old usage that when a man dies without issue, his estate goes to his nearest relatives, and when, after a season of travel, the owner of the title returns to the old country to endeavor to unravel the tangle a considerable amount of work will be encountered by him. It is stated that the deceased peer left something more than three hundred "wills." In the form of letters, memoranda, notes, scattered bits of paper and the like. All of these "documents" must be taken account of, and many of them will have decided weight. Each one is said to have the importance of a testamentary disposition and the instructions contained in the three hundred or more are naturally widely contradictory and incompatible.

When the estate comes up for settlement there will be an array of some seventy or more people, ten principal heirs and about sixty others, who will put forward claims to consideration. Each one is said to have the good from the numerous "documents" at hand.

Lord Grimthorpe started for some days in San Francisco before proceeding south, and was widely entertained in the Bay City, where an unusually pleasing personality made him the object of much interest. He is staying at the Van Nuys.

### WHO'LL LEAD EBELL NEXT?

Question of New President Interesting Issue.

Directors Reported Divided as to Preference.

Mrs. Philip G. Hubert is Often Mentioned.

Who will be the next president of the Ebell Club? This question is agitating the members and the board of directors, is discussed in little groups here and there at club meetings, and is gradually becoming the paramount issue as the time for appointing the nominating board draws near.

That time is the second Monday in February. The first Monday is the regular date for the business meeting, where this will be taken up, but the nomination to the president of the Ebell Club, Mrs. Sarah Platt Becker, will come on this date at the beautiful new clubhouse of the Ebell, and all thought of business must wait.

Meanwhile an interesting situation has developed among the powers that be in regard to the person who shall guide the destinies of this important club. Who shall be found worthy to stand in the place of Mrs. Frank Kling for two years has so drastically filled the office of the club executive? Mrs. Kling herself came after the two terms of Mrs. Sumner P. Hunt, one of the most able members of all, and head of the Ebell Building Association, under whose direction this realization of an artistic home has become a beautiful reality.

The board of directors of the Ebell Club seems to be somewhat divided as to the first vice-president, Mrs. Philip Gengembre Hubert, whose name is often mentioned upon the lips of club members for the office, but the support of half of the board, while the other half is said to favor the brilliant chairman of the Programme Committee, Mrs. W. F. Pies.

Neither of the proposed members seems to be conscious of the movement in her interest, but each is ardently advocated by her own circle of admirers. Meanwhile a number of other names have been mentioned—Mrs. Edgar Swaine, Mrs. A. J. Chandler, Mrs. Aubrey Davidson, Mrs. Eugene Pettigrew and Mrs. Florence C. Porter.

The nominating board of the Ebell has generally put up a ticket that has gone through without protest, but there is a feeling among a number of the members that the matter of officers has been too long and drawn out, and that the members in general should have more of a voice than has seemed possible in the past.

The general impression seems to prevail that to back a candidate not favored by certain powers in the club is to lose your vote entirely, and from certain caucuses that have been held in the last few weeks an effort may be made this year to break away from the rule of this inner ring, however, much the ruling of the inner ring may have been for the good of the club.

Campaign speeches may be in order long for the election will be held in April. Mrs. Hubert was approached yesterday upon the subject of the election of a president and asked if she would accept the nomination if it were offered to her.

"I would not dream of accepting the nomination," she replied, "unless I were positive that it was the choice of entire club, and I do not think that is the case now."

Mrs. Hubert is a woman of wide culture and acquaintance with the people of today, her travels through many lands have brought to her a rich experience, and she has a natural savoir faire that is most delightful.

### BRINGS HUNDRED THOUSAND.

Lot on East Side of Broadway South of Eighth Street Sold at a Large Profit.

Another big deal by the Hamburger Realty and Trust Company, through the agency of Colson, Bryon & Donnell, is the sale of \$100,000 lot on the east side of Broadway between Eighth and Ninth streets, known as the Keene property, being lot 17 of block 11, of the Huber tract, to Stiegmaier Bros. of the Stiegmaier Brewing Company of Wilkesbarre, Pa., and their brother-in-law, Philip Forve, for \$100,000. An implied condition of the sale is that the new owners will erect handsome improvements in the near future, as the Hamburger Realty and Trust Company will not part with any of its holdings in that neighborhood unless suitable improvements are to be made on the property.

The Hamburger Company in July, 1906, purchased this property from Mr. and Mrs. Keene for \$62,500 cash, and the sale yesterday made a profit of nearly 50 per cent on the six months' investment. D. A. Hamburger said that in his judgment the property would sell for \$2500 a foot before January, 1907.

### WANTS FULLY SUPPLIED.

Generous People Quickly Respond to the Appeal Made on Behalf of Family of C. W. Howard.

There was a vast change at the home of C. W. Howard on West Sixteenth street yesterday, over the atmosphere that existed there on Saturday night, when visited by a Times reporter.

The little twelve-year-old housekeeper was sweeping the stoop and smiling cheerfully as she swept. The mother lay smiling in bed, and on her sickbed, and her first greeting was one of joyful gratitude.

"I can't thank The Times too much," she said, "for my wants have surely been supplied. My pantry is full of everything we need, and the world seems much brighter this morning. The doctor tells me I will soon be well and I am sure I will, for I feel happy now, though I am sick."

The announcement in The Times on Sunday morning that Mrs. Howard was sick in bed, her husband unable to work, and three children dependent upon them for support, brought such a speedy response that before Sunday had passed there was no longer any fear of suffering in this little household. At the close of yesterday's event was abundantly supplied with provisions, clothing and cash, taken there by an almost constant string of visitors. Generous Los Angeles has once more cheerfully responded to the call of the distressed, and from outside places came cash by mail to be delivered to the family.

### FINE HERD OF ELK FOR OUR MOUNTAINS.

ONE HUNDRED elk on the San Gabriel Forest Reserve will soon be one of the attractions of Southern California. Such is the assurance given to Chief Ranger B. H. Crow of the San Gabriel Reserve, who has returned from Washington, where he had been called to confer with Forester Gifford Pinchot.

Mrs. Pinchot promised Chief Ranger Crow that 100 two-year-old elk should be shipped from Yellowstone Park reservation and be placed in Southern California, provided Crow would guarantee that they will positively be shipped here Crow is confident.

The visit of Chief Ranger Crow to consult with the forester at Washington was an honor which befell only eight other rangers in the United States, and Crow was the only representative from California. He received his appointment as Chief Ranger less than a year ago, coming here from Arizona, having worked his way up, round by round, and is therefore thoroughly familiar with all the details of the service. He is a strict disciplinarian, and exacting faithful service from

Chief Ranger B. H. Crow of the San Gabriel Forest Reserve, who will have herd of one hundred elk brought here.

ante the freight charges, as there was no fund on which Pinchot could draw for that purpose. Crow promised the freight should be paid at this end, and arrangements are being quickly made to locate these elk in the best places.

Crow was yesterday in San Antonio, inspecting the trails which have been made by Ranger Bradford, connecting Brown's Flats with that cañon, and ordered other important trails made. He says that fifty of the elk will be sent to Ontario, where the care will be placed on the electric line and taken to San Antonio cañon. There the elk will be loaded on wagons and hauled up San Antonio cañon over Stock's back as far as the home of W. G. Kerckhoff, and there be turned loose to wander over the ranges to Old Baldy. The other fifty will be taken to Alpine Tavern and there liberated. It is not expected that there will be

his subordinate rangers. One of the things accomplished by him while in Washington was to have the salaries of all the rangers raised from \$65 to \$75 a month.

Heretofore it has been customary to allow horses and cattle to pasture free of charge on the reserves, but all this is now changed. By the new regulation only 600 cattle or horses will be allowed on the San Gabriel reserve, and a charge will be made of 4 cents per head for the whole year from April 1, 1906, to April 1, 1907. These owners having only fifty cattle or less will be charged half price. This distinction was made to favor the poorer farmers or owners of cattle.

All applications for grazing privileges must be filed with the supervisor of the forest reserve in the Byrne building, Los Angeles, before February 15.

### PEDDLERS' FIGHT.

Produce Exchange and Market Company Favor Fruit Hucksters in Contest With Grocers.

The Produce Exchange and the Los Angeles Market Company are up in arms over the ordinances taken before the City Council by the Retail Grocers' Association in which is provided an increase in the license fee paid by peddlers and a restriction as to the territory which they shall cover.

Their objections to the provisions of the two ordinances are expected to come to a head Friday morning at 11 o'clock when the Legislation Committee of the City Council will meet and consider the counter petitions of the two organizations.

At the regular meeting of Council Monday the petitions were presented and referred to the proper committee. Yesterday it was stated that the Legislation Committee would meet Friday, and immediately the Market Company and the Exchange began preparing their case.

The petitions objecting to the retail dealers' ordinances state that over five hundred hucksters find employment in this line and that to prohibit them from the district described, and the additional imposition of a \$100 tax yearly, would drive the majority out of business. The fact that hundreds of householders secure their provisions from the peddlers is also cited.

The market company represents eighty-five actively engaged fruit and produce dealers and the exchange fifty of the representative wholesale merchants of the city, and they expect to be able to rout the retail dealers in their cherished project.

The Legislation Committee is expected to make its final report to Council Monday of next week.

### WHERE IS VICTORIA?

Slick Promoters Said to be Catching Eastern "Suckers" With Fine Town Lots in Sonora.

Somebody is evidently working people to a finish in the East with lots in an alleged town in Sonora, lured by its promoters "Victoria," and located somewhere, nobody has been able to discover. Some time since a Los Angeles man who is heavily interested in mines and lands in the Yaqui River country, received an inquiry in reference to this alleged town, but, like a number of others in Sonora and Arizona who have received similar inquiries, was unable to give the re-

### "AD" MEN TO MEET.

Pacific Coast Convention to be Held at Chamber of Commerce Next Saturday.

The Pacific Coast Advertising Men's Association will hold its second annual convention in Los Angeles Saturday in assembly hall at the Chamber of Commerce. There will be a business meeting in the forenoon, at which the officers for the ensuing year will be elected. In the afternoon, beginning at 1:30 o'clock, there will be a series of papers on oranges and orange advertising.

Among the features announced for the afternoon are: "Advertising Oranges When the Price Has Been Fixed," A. M. Pratt, Redlands; "Cooperative Marketing and Packing," W. M. Bristol, Highland; "The Need of Greater Consumption," J. A. Jeffries, Los Angeles; "Publicity Campaign for Oranges," R. A. Read, Los Angeles; "Advertising in Eastern Cities," R. C. Ayres, San Francisco; "Outdoor Publicity for Oranges," G. W. Kleiser, Portland.

John Lee Mahin of Chicago will attend the convention and a series of people solicitation of the association will deliver a lecture Saturday afternoon on Saturday evening, covering some of the broad phases of advertising. Mr. Mahin is at the head of the Mahin Advertising Agency of Chicago and is publisher of Mahin's Magazine.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The Mayor's appointees on the Board of Public Works do not meet with the approval of a majority of the Councilmen. A majority of the Councilmen yesterday decided to hold a meeting of the committee of the whole and ask Mr. McAlister to submit other names.

Word was passed down the line at the City Hall yesterday to get ready for the library investigation which is to be held next Wednesday.

Official notification was yesterday sent to the Council that the big Decarie garbage incinerator is finished and ready to receive and consume refuse; the first test will be made tomorrow.

The murder trial of D. W. Helm, Pomona orchardist, charged with killing a Japanese fruit picker, has aroused the Japanese in the county, and the courtroom is the rendezvous for the little brown men, who are represented by their own counsel.

Another suit is to be fought over the estate of Seth Preston, who lost his property away from his mother, Mr. Preston now is suing Mrs. Eva Clifford on an insurance policy for \$1000.

In the Police Court yesterday John Hamilton was fined for the boisterous crying of newspapers on Spring street. Lloyd Maret was held for trial in the Superior Court on a burglary charge.

## AT THE CITY HALL.

### COUNCIL TO ASK FOR NEW DEAL.

### READY FOR ACTION ON BOARD OF PUBLIC WORKS.

Will Notify Chief Executive His Appointments are Not Satisfactory. Winters Must Go Down With Perkins and Mathews—Many Guessing on New Slates.

The Sphinx has spoken. The Council committee of the whole is going to act on the Mayor's appointments for the Board of Public Works.

But like so ancient oracles this action will be something capable of several constructions. Present indications are that it will only be a request that the Mayor shuffle the cards for a new deal.

Not even C. O. Winters bids fair to pass the inquisition of the Council committee. All three the Mayor's appointees have been weighed by a majority of the Council, and found to be in the featherweight class. Political bantams is what the Council calls them.

The Councilmen have agreed among themselves to meet at an early date and adopt a resolution to the effect that the Council declines to confirm the Mayor's appointments.

This will be an invitation to the Chief Executive to submit three other names. Friends of C. O. Winters in the Council, there are three of them, intimate that if the Mayor sends Winters' name along with two new men the Council will confirm his appointment.

Both Perkins and Mathews are apparently on the Council's black list. Perkins appears to have been the fool attempt of some of his friends to make his appointment doubly sure.

Haynes, Willard and Howton are the original Perkins men, and the trio is expected to queer an angel from heaven. From the Democrats themselves has come the opposition to the appointment of John R. Mathews. He has bolted the party ticket on one or two occasions and thus in Democratic circles is the unpardonable sin.

The old Democratic machine was hauled out of the repair shops to run Mathews down. Winters appears to be the Mayor's first choice and his name will probably figure on the new slate. Who his running mate will be next time is problematical.

Held back by the Board of Public Works, the Council committee, are a number of bids for street improvements. The Council Monday will be on approving contracts for work and material in cases where the purchase is placed by the charter under the jurisdiction of the Municipal Board of Public Works.

City Attorney Mathews has not yet rendered an official opinion on the legality of contracts made since the first of the year by the Council. And the Mayor declines to sign either contract or assessment rolls until the parties interested go to him and agree to hold him harmless in case the courts decide that the contracts so signed are not legal.

## CREMATORY IS READY.

### GARRAGE TO BURN.

Official notification was yesterday served on the Council Board of Public Works by the Decarie Manufacturing Company that the big 200-ton garbage incinerator down on Santa Fe avenue is ready to receive and consume the city's waste.

Thursday morning has been specified as the date when the first test of the crematory will be made. Under the terms of its contract with the municipality the Decarie Company is required to demonstrate by a sixty-day test, if so required, that the incinerator can consume miscellaneous garbage at the rate of 100 tons in twelve hours, at an expense not greater than 20 cents a ton, including labor.

No money has yet been paid on the incinerator. None will be paid until the big crematory demonstrates its ability to burn or consume garbage at an expense that, compared with that of the present incinerator, appears almost impossibly low.

amount collected the greater his profit. Some of the records of the health department show that the amount of garbage cremated here has been as low as 100 tons a month.

Mr. Decarie estimates our garbage output at 125 tons a day. About one-third of the amount is now collected by scavengers and sold for hog feed.

## READY TO INVESTIGATE.

### LIBRARY BOARD NOW.

A ripple of excitement ran through the City Hall yesterday as word was passed down the line to get ready for that library investigation.

The first round of the long-deferred event is scheduled to take place in the Council chamber next Wednesday evening. At that time will commence the hearing which is to decide whether the Board of Trustees, headed by Wright Dockweiler and Marchetti, shall continue in the service of the city.

Six months ago the Mayor sent to the Council notice of the removal of these directors, but the Council declined to confirm his action, deciding rather to hold an investigation of its own to decide whether the Mayor had good cause for his action.

Woman clubbism is waiting for the Council notice of the removal of these directors, but the Council declined to confirm his action, deciding rather to hold an investigation of its own to decide whether the Mayor had good cause for his action.

The present Councilmanic programme appears to be to make the hearing as brief as possible. The Councilmen would like to avoid the long-drawn-out details of the petty disagreements and differences that led to the dismissal of Miss Jones.

If the Councilmen have their way these two leading questions will be considered: Was action of the Library Board, in removing Miss Jones without a hearing, legal?

Has the subsequent management of the library been such that the public service has suffered materially by the change in librarian?

No complaint has been made officially, either to the Council or to the Library Board, of the service in the library during the six months that Mr. Lammie has served as librarian. The Councilmen take this as an answer to the question of the deterioration of the public library.

City Attorney Mathews has given to the Library board an official opinion that the removal of Miss Jones was legal.

Miss Jones' friends, and they are numerous, especially in woman clubbism, want to know whether the charges on which Miss Jones was dismissed are not founded on fact. They say that the investigation will be her vindication.

AT THE COURTHOUSE.

## JAPS LINE UP FOR VENGEANCE.

### HAVE SPECIAL COUNSEL IN THE HELM MURDER CASE.

Claim that His Victim was an Inoffensive Fruit Picker, Who Was Ill at the Time He Was Shot—Accused Concedes the Shooting but Claims Justification.

The trial of D. W. Helm, the orchardist near Pomona, who is charged with the murder of a Jap fruit-picker on July 3 last, is of thrilling interest to the little brown men. During the last days that the trial has lasted large numbers of Japanese from suburban points have reinforced the dwellers in this city and have crowded Judge Smith's courtroom.

They are earnest in protecting their interest, and the Japanese Association of Contractors who supply labor to the country districts have retained Earl Rogers to assist in the prosecution of the case against Helm.

Despite the fact that Helm called up an officer after the shooting and surrendered himself, stating that he had shot the deceased, the regular court has followed in proving that Saitamon Deal is dead, and that he was killed deliberately by the accused. So a large number of witnesses have examined through their testimony only serves to swell the record and ultimately will only show that the Jap is dead and that he was killed by Helm.

Merely as a fighting point of law Mr. Deal, or counsel for the defense, yesterday raised the question that the name of the deceased was not spelled properly in the information. But the witness yesterday were Japanese laborers who lived close to the Helm orchard.

It was testified to that Saitamon Deal had been sick all day on July 3, and that when of necessity he had to go outside the orchard, where about 100 Japs were living he innocently enough sought the seclusion of the orchard rather than utilize the scant accommodations at the hotel. Being shot over the right hip indicated that at least he was turning from Helm to get away.

Incidentally it has been developed by the defense that Helm is not a large holder of fruit land. He owns only 10 acres of orange and lemon groves. The shooting had complained very bitterly of his grove being looted by the Jap pickers. Some of the witnesses stated that he had met them while carrying a gun, and when asked his purpose he replied that he was carrying the gun for jack-rabbits and Japs.

But unless a rancher knows that a felonious attack is to be made on his fruit trees under the law he has no right to shoot. The intruder is merely a trespasser guilty of a misdemeanor until he has picked fruit of a value over \$50 and then the intruder passes the boundary with the last orange and becomes guilty of a felony and is liable to be shot down legally.

Justice Austin Declares that the Law Prohibits it—Young Boy Held for Trial on Charge of Burglary in a Drug Store—Mother Clings to Him.

Surcoure is in sight for the woes of the suffering public. The awful bawlers on the streets of "Your home paper here" are to be curbed in their nerve-racking howlings and said that John Hamilton, one of the number, who has a voice fit to startle a lion from his native jungle, was arrested yesterday on a warrant charging him with disturbance of the peace, and was let off with a fine of \$1 by Justice Austin.

The complaint came from a guest of the Angelus Hotel, who testified that the hotel was disturbed by the yelling of Hamilton and others, men engaged in the same business, was absolutely unbearable, that he could neither sleep nor write, nor find any rest in the house on account of the yelling.

Proprietor Loomis of the Angelus testified to the same effect. He said for months guests at the hotel had complained of the nuisance, from which there appeared to be no escape.

Justice Austin quoted the law on the subject, to the effect that it is unlawful to cry the papers at all, and to do it in a manner that is an obstruction to the general public would not be tolerated, and added the court: "It is the intent and purpose of the court that it shall be stopped."

He imposed the minimum fine with the admonition that another offense will bring more severe punishment.

A Mother's Bad Boy.

Lloyd Maret and his mother presented a sorry sight as they sat in the dock of Justice Chambers' court yesterday. The young man was charged with burglary of a drug store at Temple and Broadway, and his mother loyally and affectionately clung to him while she heard the evidence that may send her son to State's prison.

On the night of the 9th inst. a lady who occupies rooms in a lodging-house telephoned to the Police Station that she had just seen a man break a window and crawl through the hole into a drug store across the street.

The officers hastily went to the corner and caught young Maret in the store, and when the evidence had been heard he was held for trial in the Superior Court, bail being demanded in \$1000. His mother sadly saw him taken off to the jail.

## PASSENGER SUES.

### WANTS SON'S INSURANCE.

Mrs. Elizabeth Preston has again appeared to the courts to decide whether she should rightfully belong to her, namely, the remaining portion of the estate left by her son, Seth Preston, who died in Whittier last year.

The case was brought to court by the East by a number of kind-hearted Whittier people who desired that the mother should have the money. They found that through some strange influence, her dying boy had turned against her and she charged the case against Mrs. Eva Clifford, at whose house Preston died. There was a fight in the courts over the will and the mother took sides with the son.

Despite the fact that the mother won her case. Now she wants insurance left by her son. It is Mrs. T. White, W. L. Bowman, Julius Smiley, J. W. Stanley, Mrs. W. H. Shores, J. E. Bowman and Mrs. J. H. Williams.

## CONSOLIDATION COMMITTEE.

### SUPERVISORS' NOMINATIONS.

Yesterday afternoon four of the Supervisors nominated committees to serve on the general committee of fifteen, made up of representatives selected by the several city boards and Supervisors to devise a suitable plan for the consolidation of the city and county of Los Angeles.

The nominees are H. C. Hubbard of San Fernando; Stoddard Jones of Pasadena; Paul H. Hester and Walter P. Haas of Los Angeles.

These nominations were made by Supervisors Patterson, Brady, Wilson and Alexander. In the order named. Supervisor Graham has not yet named his choice for the fifth committeeman.

## COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS. SENT TO PATTON. M. B. Miller, an aged carpenter, was ordered committed to the county jail before Judge Gibbs yesterday. Miller is suffering from softening of the brain. W. A. Hagen was also committed.

WILL CONSIDER IT. For nearly twenty years L. H. Coates has lived with his wife, Mary Coates, and then discovered that through physical disability he was unable to perform his contracting marriage. He applied to Judge Trask for annulment of the marriage gone through in 1887. Mrs. Coates put in answer in which she conceded the facts set up by her husband, but did not appear in court. The case was taken under consideration by the court.

CHUETLY THE CAUSE. Dr. S. E. Burke, a local dentist, was granted a divorce yesterday from Florence B. Burke by Judge Trask, on the ground of cruelty. The parties were married at Bloomington, Ill., in January, 1888, and three years ago came to this city.

COURT OF APPEAL. Walter Hollingsworth of Minneapolis and Herbert T. Arkoff of Illinois have been admitted to practice upon motion. Mr. Arkoff is the manager of the Pioneer Brand Evaporated Cream Co. of Chicago.

Digestibility of Evaporated Cream. The use of Evaporated Cream in preference to dairy cream has become general on account of its digestibility. But a low grade or partially skimmed milk product is not a suitable article of diet. Borden's Pioneer Brand Evaporated Cream has no equal for richness, purity of flavor and the ease with which it is digested.—L.A.D.

ORANGE MARKETS.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Jan. 16.—(Exclusive Dispatch.) The market continues to be depressed and it is expected that fifteen cars will be sold at auction today, prices ruled lower than yesterday's sale. Taking into consideration the excellent quality of the fruit offered, the prices realized today are the lowest of the season, and with fifty-five cars remaining on track, the day's sale and about ten cars due, the prospects are not favorable for the realization of better prices for several days.

LOCAL CITRUS MOVEMENT.

Shipments of citrus fruit from Southern California yesterday totaled 20 cars of oranges and 4 cars of lemons. This makes a total of 100,000 boxes of oranges and 10,000 boxes of lemons. The same date last year the total was 100,000 boxes of oranges and 10,000 boxes of lemons. The same date last year the total was 100,000 boxes of oranges and 10,000 boxes of lemons.

LOCAL PRODUCE MARKET.

Trade started in fairly well yesterday morning, and all the staple lines were in active demand with prices firm. The most important feature of the produce market was the heavy withdrawals of apples from cold storage; the total number of boxes withdrawn during the day being 100,000. The price of apples was 10¢ per box, 10¢ per box, 10¢ per box.
